

Porch Enclosures

Our porch enclosures are manufactured from custom made enclosure panels which are specifically designed to fit into existing openings. Each panel is made from 1-3/4" aluminum enclosure rails and is assembled on site with slip channels for even and uneven openings. Storm doors are then installed to complete the enclosure, providing you with year-round beauty, versatility and comfort.

Advantages

- Protection from the elements
- A winter and summer buffer zone
- Ventilation
- Added security
- Extra space
- Virtually maintenance free

Standard Features

- Fixed or operating panels
- 3MM glass
- Custom closer and handle brackets
- Custom slip channels for easy installation
- Available in White, Chocolate Brown, Ivory, Clay, Sandalwood, Commercial Brown and Black

Options

- Hidden vent retractable screens
- Round top panel
- Shaped panels
- Tempered glass
- Obscure glass
- House numbers

WARRANTY

Since 1969 York Aluminum Storms Ltd. has been designing and manufacturing aluminum storm doors, storm windows and porch enclosures.

- We proudly warrant all our products and components as follows:
- Manufacturing processes for a period of one year.
- All hardware which includes handles, closers, key locks and sash locks for a period of one year.
- All paint processes which includes both extrusions and kickplate for a period of one year.
- Hidden vent motors which includes the spring and the end caps for a period of one year.
- All rubber gaskets which includes glazing, screen and sweep splines for a period of one year.
- Warranty does apply to the sweep spline if it rips due to ice build up.

This warranty does not apply to glass and/or screen breakage nor does it cover any damage caused by misuse or faulty installation of the door or any of its components.

These products are three season, single glazed units and under certain circumstances some air and or water infiltration may occur.

Any flaws in our products that are noticed at time of pickup/delivery such as flaws in glass or finish are to be reported within forty-eight hours.

Products found to be defective will be repaired or replaced F.O.B. our plant.

Any replacement parts will be invoiced and will then be credited when defective parts are returned.

York aluminum storm windows are a simple, practical and economical way to increase the efficiency of existing windows. Storm windows can be installed on your house, cottage and historical buildings.

How do storm windows help?

When storm windows are installed on the exterior or interior of existing windows there is an air space created between the two windows reducing air movement. This air space creates a thermal barrier increasing the efficiency of the window which saves you money by reducing heating and air conditioning costs.

Advantages

- Affordability
- Reduces drafts
- Cuts energy costs
- Reduces noise
- Virtually maintenance free
- Protects existing wood windows
