

Vinyl & Hybrid Windows – Lifetime warranty
On all M6000 & M6600h Series Windows

| Vinyl Lifetime Warranty | Insulated Glass Lifetime Warranty | Hardware Lifetime Warranty |
|---|--|---|
| Maritime Door & Window warrants against defects in material resulting in peeling, blistering, flaking, corroding, or rotting of the PVC window frame or such members. | Maritime Door & Window warrants against visual obstruction due to seal failure, which results in moisture between the interior glass surfaces. Stress cracks are covered for one (1) year. | Maritime Door & Window warrants that all window hardware remain in operational condition. |

All Maritime Door & Window products benefit you with a full “One Year Factory Workmanship/Labour Warranty”

This LIFETIME warranty is offered to the original purchaser ONLY and may not be transferred, assigned, or conveyed in any form. This warranty covers personal residential use only and is limited to single and double family dwellings. Commercial applications are excluded from this coverage. Factory applied paint is warranted for twelve (12) years against blistering, peeling, or flaking.

For second and subsequent owners, multiple unit dwellings of 3 or more, and for commercial properties, visit our showroom or contact us **toll free at 1-877-857-8108** for details. The extent of this warranty is limited to the replacement of defective parts only and under no circumstances shall Maritime Door & Window be responsible for consequential or incidental damages of any kind

Exclusions:

- Broken glass, whatever the cause, is not covered under this warranty
- Condensation on windows as a result of humidity inside or outside is not covered
- Sunlight and air pollution exposure may cause vinyl surfaces to fade or chalk. This is normal and is not covered under this warranty.
- Maritime Door & Window is not liable for any damages of any kind including damages to building, its contents, or persons

This warranty will be voided under the following circumstances:

- Misuse, including non factory painting and/or using harmful solvents on vinyl frame and/or sash members
- Customer applied glass tinting or paint finish
- Faulty installation of the window frame or sash resulting from failure to follow proper installation procedures or a defect in wall construction
- Any product that is tampered with, repaired, or modified by any person other than a Maritime Door & Window representative
- Failure to provide proof of purchase in the form of an official receipt from Maritime Door & Window

Window Care & Maintenance:

- Glass Care – Use a household glass cleaner
- Vinyl Care – For dust and dirt, use a diluted dish detergent, for tough marks use a non abrasive kitchen cleaner or a non abrasive vinyl cleaner
- Moving Parts – Regularly clean dirt and dust from hinges and hardware. In spring and fall lubricate all moving parts with a light silicone spray

Effective February 1st, 2014
